

# 2019 Firefighter Safety Stand Down Bulletin

Developed and Supported by: The Valley Safety Officers (AZ)

June 16-22, 2019

*Please use one full work-day to dedicate and discuss topics related to Safety, Health, and FF Survival. We have provided below, resources that you can use for crew/ battalion level discussions and tabletop training.*

It's that time of year again to place a spotlight on FF Safety, Health, and Survival. Although Safety, Health, and Survival should be a main focus for all of us every day, this week gives us an opportunity to review some important materials and discuss, as a crew and/or battalion, how we will continue to strive to improve in these areas.

## This Year's Valley Safety Officer's Main Topic is:

***"CREW BASED ACCOUNTABILITY"***

***It's Everyone's Responsibility***
